Bruce Richards on the last weather leg of the day heading to a first place finish. Only lasers, sea gulls and fishermen were on the lake. Racing sailboats doesn't get any better than this!

Welcome to our New Members

Paul and Dana La Tour

Paul is a dermatologist who practices with Dana who formed Franklin Dermatology, the largest dermatology group in Middle Tennessee. He first owned a 22 foot Ranger Fun Boat, Tanzer 25, and now has an S2-7.9 class boat. Paul finds traveling to races rewarding for variety of sailing environment and variety of people met; locations include the Great Lakes, Eastern Coast, and Florida. Soon into retirement, Paul plans to race sailboats and a larger motor cruiser for time with the Dana and maybe the granddaughter. He dreams a lot. Besides raising Granddaughter Emily, Dana is a mighty fine cook, decorator, gardener, and manages Paul as well. She is much smarter than is Paul. She likes the water a great deal for its beauty and serenity, and is looking forward to being acquainted with the folks of HIYC. Sailboat racing is not her first choice, preferring her home environment.

Peter and Karin Bennett

My wife, Karin, was originally from East Germany and moved to America as young child. We have been married for almost 30 years. My son, Ross, is 20 years old and attends college in Southern California. He is an avid sailor, particularly in Lasers, and recently competed in the Finn class Olympic Pre-Trials. I have an S2 6.7 sailboat that lives in Dana Point CA, although it is somewhat lonesome of late. I have been privileged to sail with many fine sailors here in Nashville since joining HIYC and thank them and all HIYC members for their incredible kindness and hospitality.

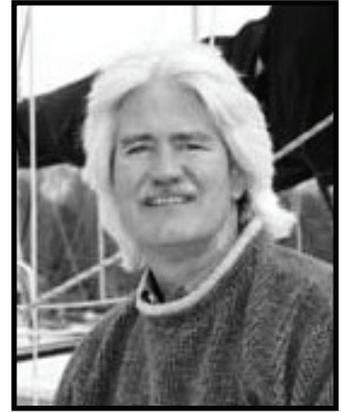

James and Lisa O'Dell

Lisa and I have two children, Max and Natalie, 12 & 10. We have been married for 18 years and have lived in Nashville since 1983. We started our sailing experience in a Snipe on Tampa Bay in 1988, and moved to a keel boat shortly after moving back to Nashville in 1989. We actively race an S2 7.9 and an occasional J-22.

Commodores' Comments –March 2007

Hello HIYC!

Finally there has been a break in the weather and there is a slight feel of spring in the air. I'm sure there will be more cold weather this year, but spring is just around the corner. March is a busy month around Harbor Island Yacht Club, starting with the Waterfield March Winds Regatta on the 3rd and 4th to be followed on the 10th by the Cruising Fleet Oscar Party at the HIYC Clubhouse. The Cully Cobb 50K Regatta is set for March 24th and Spring Cleanup Day is scheduled for March 31st. Everyone please remember to mark your calendars and plan to attend these events when possible.

If you have been in the clubhouse over the last month I'm sure you have noticed a BIG difference. Bill Killebrew and a few select volunteers have been installing the new floor in the clubhouse. It looks terrific! Bill Killebrew is to be commended for his craftsmanship, which is evident in the quality of the new floor. If you have been waiting to make the contribution to become a Plank Holder, do not hesitate to step forward and send your contribution to Fred Beesley. In addition to the new floor, the installation of the Club's new pumpout facility is almost complete. Backfilling and landscaping of the area around the tank installation is all that is left to be completed. This work has been delayed due to our recent weather, but will be completed in the very near future. Look for details soon regarding the sale of tokens and the planned operation of the system. Our thanks to Ken Tempelmeyer for the planning and perseverance and Mike Birk for his commitment to construction, required to make this facility a reality.

I would like to announce two new appointees to committees at HIYC. The first appointee is Norman Worrell who will be joining Cully Cobb, Cully Ward and Rodney Beason on the PHRF Committee. The second appointee is Don Zimmerman who will be joining Joe Ballard and Joy Kimbrell on the Long Range Planning Committee. Thanks to you all for your service.

Spring cleanup day is Saturday March 31st, please make plans to attend and bring the tools of your trade. It's a great time to see old friends and make some new ones.

**See you at HIYC,
Ken Todd, 2007 Commodore**

Special Thanks: Harbor Island Yacht Club was physically built by volunteers with skills in many areas. Most of the time, they did not receive or desire recognition for their efforts. Scott Thomas is one of those individuals. Scott serves as the club photographer and has photographed eleven Commodores whose pictures are in the Board Room. He is doing a great job! Thanks Scott!

Sea Scout News

It's been way too long since I sat down to write the Sea Scout News. In fact I think the November Anchor line was the last issue with a Sea Scout News in it. Since we last wrote to you, there has been another Sea Scout grandbaby to join the world. Allison, who was part of our group for 4 years, and Michael Kent (who were married in 2005) welcomed their little boy (Nathan) into the world a few weeks before expected, but mom and baby are doing well. We hear that dad hasn't touched ground yet. That brings the number up to 3 "grandbabies" now for us. Allison's sister, Amy, was also part of our Scouts for a while.

We took a couple of weeks off around Christmas but then started meetings up again in early January. Interestingly, several of our previous Scouts attended the first couple of January meetings since they did not have to be back at college for a while. It's always great to see these young people again and learn what all they've been up to. Some are going to college as close as MTSU but others are further away. One headed all the way to New York to go to college. He was back over Christmas break and even got to race in the Change of Watch regatta on 'White Bird'.

One of the early January meetings turned into a brain-storming session for things the kids wanted to do. The winning winter project is the building of a dinghy. Now this is not typically an easy task and is one that requires some skill. But Matt Behnke has come to the rescue here. He has a dinghy that he built using a concept that falls right into our needs. It's a fairly simple design that is fairly quick and easy to build but still not one for the first time wood worker. With Matt's guidance and assistance we've started construction. In fact the first session we completed the basic shell. Although it's actually duck taped together until we get the fiberglass tape in place that will hold it together. (Yes the world IS held together by duck tape!) We're using Matt's dinghy as a guide and look forward to completing the project. But the best part has been watching the kids enjoy the learning process and satisfaction upon the completion of each part of the boat. Many thanks to Matt for all the help he's given us!

Andy and Cathy Griswold

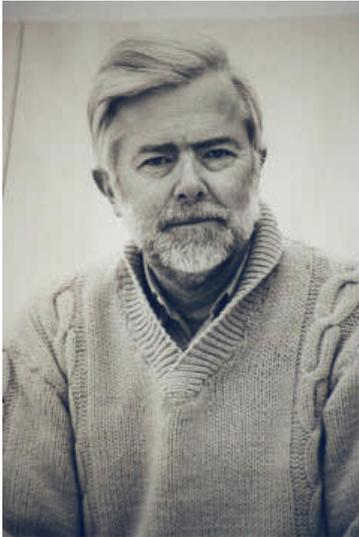

HIYC Spring Clean Up-Saturday March 31, 2007

9:00 am-1:00 pm

Come out and help spruce up the club for spring! It's fun, it's easy, you get to sweat with new friends, and you get a delicious FREE lunch! You won't be working all day! Put in a good morning's work and then go sailing! Our club is a wonderful place to come for rest, relaxation, competition, fun and camaraderie. You owe it to your fellow club members to come out and help on Clean up Day!

Warterfield March Winds Regatta

March 3 & 4

Former Commodore Charlie Warterfield was an avid sailboat racer as well as one of Nashville's best known architects. . .and he was a lot of fun to be around. He served us well as an officer and Board Member, and in other years he was a constant volunteer for important Club projects. As an architect, he designed the HIYC Clubhouse, the Opryland Hotel and the General Jackson Showboat, among other important structures. Charlie and his wife Joan were extremely generous with their time and efforts for the Club, and his accidental death at a young age was a great loss. We honor Charlie as one of the important people who have made HIYC what it is today.

The Lightning Fleet Wants You to Crew!

Have you ever watched a Lightning plane downwind in a steady aft breeze? Did you see the ecstatic faces of the skipper and crew? That could be you! Fleet 262 wants to spread the joy of Lightning sailing to others. Our racing schedule is included in the HIYC calendar. You can crew for one Sunday race or several. You can travel to exciting places and crew in a regatta. Just try it, you'll love it!

Oscar Awards Party

Saturday, March 10th 7:00pm

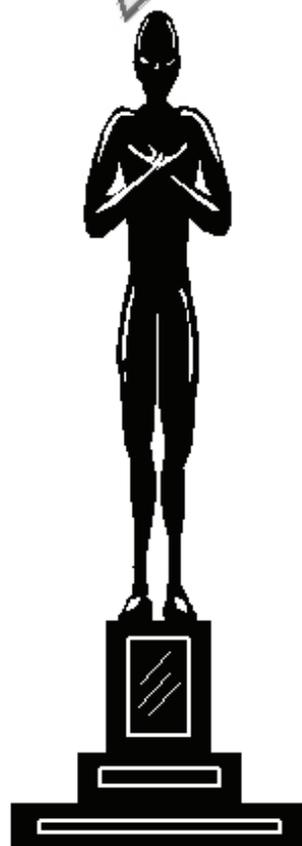

BYOB &
hors d'oeuvre to share

if you like,
dress as a star
for your
red carpet
entrance!

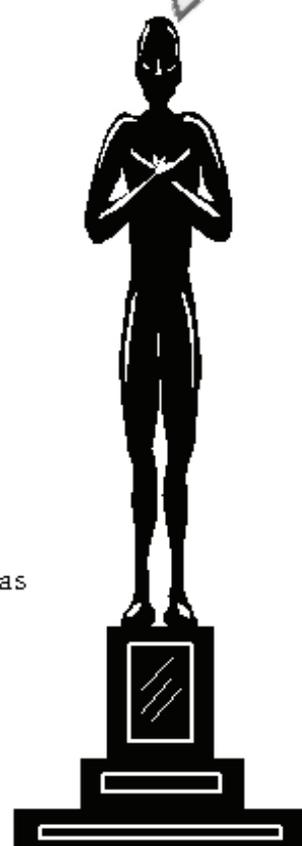

Send your nominations in the following categories to

dcald12825@aol.com

The final ballot will reflect the top 3 nominations in each category. Guests at the party will vote for the winners.

1. Saltiest Captain in a Leading Role
2. Favorite Crew Member in a Supporting Role
3. Best Director of Race Committee
4. Sailor with the Most Controlled Dock Approach
5. Most Skillful Singlehanded Sailor
6. Sailor Most Likely to come to the Rescue
7. The Guru of Sailboat Repair
8. Smoothest Tacker
9. Most Interesting Boat Name
10. First Out of the Harbor for a Race
11. Sailor who has Sailed the Most Out of Town Regattas
12. Sailor with the Best Hike-out Position
13. Best Capsize Recovery in a Race
14. Best Dressed Male Sailor
15. Best Dressed Female Sailor

to have this
certification
to operate a
boat.***

Cully Cobb 50K

Cully Cobb was one of the founders and is a former Commodore of Harbor Island Yacht Club. In the early years of HIYC sailing he was a competitive and well known Lightning sailor. He is one of the most successful racers we have ever had at this club and continues to win in his tried and true Swiftsure, "Chloe". Cully exemplifies (and most likely helped to write) the HIYC statement of purpose:

The purposes of the Club shall be to promote sailing in all its branches; to help promote a code of ethics and safety for the waterways; to provide instruction in boat handling and seamanship; to form a social and activity nucleus for individuals and their families interested in yachting; to develop an active relationship with other sailing organizations; and to foster the Corinthian spirit of good fellowship.

*******Advanced Notice of April Races*******

Spring Cruiser Regatta (formerly the Tennessean): April 14-15

Spring Open Regatta (formerly the Tennessean): April 21-22

WAIT LIST POLICY (Revised and Approved by the Board 2/12/2007)

Dock slips and moorings will be awarded according to seniority and using the following wait list procedures.

Separate wait lists will be maintained for each dock and the mooring facilities (when the demand exceeds the availability). Their purpose is to expedite assignment of the available docking facilities through a process, which is both public and fair. Wait lists will be established and kept up to date for each separate docking facility. The wait list procedures may be amended by action of the Board to accommodate other facilities and/or differing financial arrangements in the future.

All wait lists will be maintained and kept current by the Secretary. Any member wishing to add or remove his or her name to or from a wait list must do so in writing or email to the Secretary. The name will be placed in the requested wait list(s) according to seniority. The Secretary will post the wait lists each month on the HIYC web page and bulletin board. While the secretaries will maintain complete wait lists, they have the option of listing only the five most senior members in each wait list in the Anchorline.

When a space becomes available, the Secretary will assign the space to the member with the highest seniority on the appropriate wait list previously posted on the Web page and bulletin board. Assignments will only be made from the list posted on the Web page and bulletin board. The secretary will post all slip assignments in the Anchorline. Any assignment made by the secretary shall be final subject to the appeal to the Board.

By placing his/her name on a waiting list, a member states their intent to accept the space if offered and to occupy it in a timely manner. However, the member may accept or decline the space at the time that it is offered, and may remain on the waiting list if the space is declined. If a member chooses to decline the space, it will be made available to the next member on the list, and so on, until the vacancy is filled. If a member accepts the space, there is an obligation to occupy it in a timely manner. The space should be occupied with the member's boat within 30 days. The Board may approve longer periods under special circumstances. However, the intent is not to allow a member to hold a space in reserve for a long period or for the use by another member.

A member may place his/her name on any or all wait lists at any time. Members who currently have a space on a dock or wish to move to another dock or space may do so by keeping his/her name on the appropriate wait list. This policy does not alter the Dock Admiral's ability to relocate currently assigned members on a particular dock, according to club policies.

Temporary slips may be assigned by the Board on the 31st day of the slip vacancy in order to maximize the use of all slips.

Dock and Mooring Wait List Top Five: March

Wood Dock	Concrete Dock	Plastic Dock	Causeway Dock	Temporary Slips	Moorings
Tempelmeyer 86	Hall 98	Hall 98	Butler 51	Levine 128	no names
Fortune 107	Hardesty 126	Fortune 107	Ballard 64	Finch 131	
Hardesty 126	Levine 128	Hardesty 126	Copeland 75	Cook 132	
Levine 128	Finch 131	Levine 128	Hardesty 126	Nelson 133	
Finch 131	Cook 132	Finch 131	Levine 128	Powell 134

Plank Update

It is not too late to purchase a plank! However, if you want your name on the recognition plaque to be hung in the club, the deadline is March 10. Send check to Fred Beesely. Thank you to all who have donated! Special thanks go to Bill Killebrew who is donating his time to install the floor, Chuck Smith who designed the beautiful plank certificates, and chief auctioneer Donna Moore.
